FIRSTECH

A Connected Car Company

Firstech LLC is a company from Seattle, Washington that was founded in Anchorage, Alaska. Over the past 20 years, Firstech has specialized in the development and distribution of connected car solutions.

In the late 90s, Firstech was one of the first companies to introduce a 2-way LCD remote starter. In 2009, our company created DroneMobile, which allowed drivers to control their cars with their smartphones. And most recently, Firstech has released the Compustar PRO T11, which is a waterproof remote capable of up to 3-miles of range.

Please use this company catalog to learn more about our company and to review all of the innovative products that Firstech has to offer.

Firstech Control Modules, also known as "brains" or "controllers", are universal systems designed to add remote start and/or security to over 90% of vehicles on the road. These systems have been engineered by installers for installers with best-in-class features and reliability.

7 Series Controllers

CM7000

- **Manual Transmission Ready**
- **Blade Ready**

- **D** — **DroneMobile Ready**
- **Security Upgradeable**

- **High/Lo Current Applications**

DC3 Controllers

CM-DC3

- **T-Harness Compatible**
- **2** — **Built-in Dual-CAN Interface**

Modular Design

All Firstech Controllers can be mix-and-matched with each of the RF remote kits shown in this catalog. Additionally, check the "Accessories" section to see what add-ons are compatible with each system. Most importantly, all of these systems are compatible with DroneMobile smartphone control.

7 Series

Firstech 7-Series control modules offer the widest range of customizability for adding remote start and security features to over 90% of vehicles on the road. All of these systems are backed by Firstech's Limited Lifetime Warranty.

COMPUSTAR® PRIME SERIES

What is FMX Technology?

FMX Technology is an updated version of Frequency Modulation that features faster performance and more importantly, improved encryption (128-bit). FMX remote users will also notice better reliability as it relates to communication range.

PRIME 901

RF-2W901-SS | MSRP: $299.99

2-WAY | **1-MILE RANGE**

The PRIME 901 is one of Compustar's most proven remote kits; featuring Spread Spectrum Technology and a 2-way LCD that can be recharged via USB.

Includes additional 1-way remote

- 2-way LCD command confirmation
- Up to 1-Mile of Range
- Spread Spectrum (SS)
- 1-year remote warranty
- Security alerts optional
- USB rechargeable battery

PRIME G15

NEW!

RF-2WG15-FM | MSRP: $169.99

2-WAY | **3000 FT RANGE**

The PRIME 2-Way G15 remote kit is the perfect "step-up" solution for a customer who wants improved range and 2-way confirmation, but at a great value.

Includes additional 1-way remote

- 2-way LED command confirmation
- Up to 3000-feet of range
- New FM Technology (FMX)
- 1-year remote warranty
- Water resistant/durable remote casing

PRIME T9

NEW!

RF-2WT9-FM | MSRP: $199.99

2-WAY | **3000 FT RANGE**

The PRIME T9 is Compustar's first 2-way LCD remote to feature our all-new FMX technology, which consistently allows up to 3000 feet of range.

Includes additional 1-way remote

- 2-way LCD command confirmation
- Up to 3000-feet of range
- New FM Technology (FMX)
- Security alerts optional
- 1-year remote warranty

PRIME R3

NEW!

RF-2WR3-FM | MSRP: $169.99

2-WAY | **3000 FT RANGE**

The PRIME R3 remote kit is a refresh of the "Slice Jr.", but with improved range via Firstech's new FMX Technology.

Includes additional 1-way remote

- 2-way LED command confirmation
- Up to 3000-feet of range
- New FM Technology (FMX)
- 1-year remote warranty
- Water resistant/durable remote casing
- Lock/unlock capable

MSRP is Firstech's Suggested Retail Price not including parts and labor for installaiton. Prices and part numbers are subject to change.

2-WAY IS THE ONLY WAY

Firstech is revamping over 80% of Compustar and Arctic Start remotes to showcase our innovative 2-way RF solutions.

Don't forget! All of the remote start and security systems shown in this catalog are compatible with Firstech 2-way RF, meaning there are upgrade opportunities for every customer!

Firstech Factory Fit

Firstech has partnered with Midcity Engineering to develop vehicle-specific remote start solutions for Mercedes-Benz vehicles. These solutions have been developed to cover some of the most popular Mercedes-Benz vehicles, and offer full compatibile with Firstech remote kits and DroneMobile.

MB Series by Mid City Engineering

The SmartKey Starter allows you to remote start your Mercedes-Benz vehicle from your remote transmitter, making it a seamless add-on. With option features such as extended range and smartphone operation, you'll find the SmartKey Start just as feature rich as your Mercedes-Benz.

MB Series remote starters are compatible with all Firstech remotes and DroneMobile Smartphone control.

Features

• 'Plug & play' remote start for Mercedes-Benz
• Supports factory key remote start
• Supports all Firstech remotes
• User-friendly programmability
• Easy customizabilty
• DroneMobile compatible

iDataLink maestro

Firstech is the official US distributor of iDatalink Maestro products. Ask your Firstech sales associate about any of the products listed below, as well as any of the accessories listed on maestro.idatalink.com.

Integration Modules

MAESTRO RR
ADS-MRR | MSRP: $169.99

- **Radio Replacement Interface**
- Replace your factory radio and retain factory features such as steering wheel controls, media players, hands-free telephone, voice commands, and satellite radio.
- Also displays vehicle information with iDatalink compatible radios. Basic radio features available with non-iDatalink-compatible radios.

MAESTRO SW
ADS-MSW | MSRP: $99.99

- **Steering Wheel Integration**
- Maestro SW lets you retain origin steering wheel functions and assign a secondary 'press & hold' feature to the buttons of your choice!
- Best of all, SW is also the only interface that lets you instantly create firmware for vehicles that are not included in the coverage list using a simple step-by-step web procedure.

MAESTRO AR
ADS-MAR | MSRP: $99.99

NEW!

- **Amplifier Replacement Module**
- Enables seamless integration of a compatible aftermarket amplifier while retaining the vehicle's factory radio.
- Compatible with Kenwood and Audison amplifiers.

Dash Kits

MAESTRO MUS1
KIT-MUS1 | MSRP: $249.99

- **Dash Kit for 2010-2014 Ford Mustang**
- MUS1 features OEM grade fit and finish, adds customizable quick access buttons to your favorite screens, touch screen climate controls from your new radio, adds convenient pocket storage AND retains all secondary LCD screen and USB port functionality!

MAESTRO F150
KIT-F150 | MSRP: $349.99

- **Dash Kit for 2013-2014 Ford F150 Pickups**
- F150 includes the necessary installation harness and features factory-styled climate controls and factory grade finish. It also adds a convenient storage pocket with flush mounted ports to connect to the aftermarket radio.

MAESTRO CHK1
ADS-CHK1 | MSRP: $249.99

NEW!

- **Dash kit for 2014+ Jeep Cherokee - Works with all trims including the Sport.**
- Includes everything needed to install a radio except the Maestro RR which is sold separately. Retains both factory USB ports and enables you to connect them to a new radio.

Visit MyFirstech.com today to purchase and learn more about tesa® tape products!

Register on myFirstech.com or contact a sales rep for pricing on tesa products!

TESA® 51608
PET Fleece Wrap

tesa® 51608 is the universal tape for wire harness bundling in the passenger compartment.

- Noise dampening
- Abrasion resistant
- Tear resistant
- Stable unwind force
- Age-resistant

TESA® 4173 PV2
Plasticized PVC Tape

tesa 4173-PV2 is a plasticized PVC tape optimized for wire harness bundling in 105°C areas.

- Cadmium and lead free
- Solvent-free
- Compatible with PVC-free wire insulation
- Ozone + abrasion resistant
- Resistant to aging + weathering

TESA® 50535 Bodyguard
Temporary Protection Tape

tesa Bodyguard® 50535 PV0 is the best protection solution for freshly painted car bodies. Applied after the painting process, tesa Bodyguard® 50535 PV0 provides reliable protection for painted surfaces susceptible to damage.

- Secure adhesion also at lower temperatures
- Secure adhesion during transport
- Cost savings as polishing or repair after demasking is eliminated
- Paint protection during outdoor storage up to 12 months
- Easy to apply and remove

TESA® 51136
Self-Adhesive Polyethylene Tape

tesa® 51136 is a self-adhesive polyethylene tape with an acrylic adhesive for masking large areas of plastic parts during professional painting processes. The color of the tape provides a good contrast to dark surfaces making for easier and faster positioning.

- Temporary surface protection for various vehicle parts
- Masking during painting applications
- Protection of various surfaces against dirt and damage
